**Dear Ohio Housing Finance Agency:**

**HEART OF OHIO FAMILY HEALTH** is a Federally Qualified Community Health Center and a stakeholder in providing ongoing access to high-quality healthcare to residents in Central Ohio. Our complement of medical and behavioral health services at our six (6) locations include comprehensive care for women.

We encourage the **Ohio Housing Finance Agency** (OHFA) to include pregnant women in their **2026 Qualified Allocation Plan** (QAP), specifically because it would help to:

- Provide housing stability for new mothers and families;
- Assist in providing adequate prenatal care;
- Help to assure that infants have a stable environment that may contribute to fewer emergency room visits in their first year; and
- Help to eliminate the cycle of stress, instability, and poor health outcomes.

We are aware that **CelebrateOne** advocates for providing access to stable housing so that young families can share in the celebration of their child's first birthday. We join them in the collective effort to decrease infant mortality throughout this state, and encourage the consideration of pregnant women in the **2026 Qualified Allocation Plan**.

Sincerely,

A handwritten signature in blue ink, appearing to read "Dr. Buhari Mohammed".

**Dr. Buhari Mohammed**  
*Chief Executive Officer*
